MOVING OIL: ANALYSIS OF IMAGES

1. Your group will receive 4 pictures related to getting oil from where it is extracted to us. Complete the chart below for each picture.

Picture number	OBSERVATIONS <i>What do I see in this picture?</i>	INFERENCES <i>What do I think is going on in this picture?</i>	IMPRESSIONS <i>How does this picture make me feel?</i>

2. Once the chart has been completed by each member of your group, you will use it to discuss your responses for each picture.
3. As a group, create a caption for each picture. You are limited to 10 words maximum.
4. Write the caption below each image and be prepared to share with the class.
